

The **SMART** way to keep TPMS kits easy to access, easy to find and easy to organize
 Designed specifically for the storage of TPMS service kits, valves and tools

Features:

- The cart is a heavy-duty steel design with a durable powder coat finish and 3" locking casters
- Compact design measures 38"W x 23"D x 58"H
- Hanging bin rack features two-sided slotted uprights which doubles the storage capacity
- Tip-out bins are made from tough ABS plastic
- Spill proof design drawers won't pop open while moving
- Design includes an integrated handle, label holder and a transparent window

Part No.
DY-TPMS45

Storage Side One – designed for TPMS Service Kits

- Three different tip-out bin sizes to match service kit popularity and maximize storage area
- Bins can be easily moved and expanded to accommodate new parts
- Each bin is clearly labeled with the service kit part number

The standard TPMS Smart Cart consists of 45 tip-out storage bins and 9 hanging storage bins mounted on a heavy-duty mobile cart.

Storage Side Two – designed for traditional Tire Valves

- Storage bins provided in three sizes to accommodate the most popular rubber tire valve sizes
- Can be used for additional service kits or other wheel service supplies

See the back page for additional accessories available to expand storage!
